

We seek to actively drive our food safety standards throughout our systems by adhering to the requirements laid down in the BRC Global Standards for Storage and Distribution.

We give our customers the confidence they require by being able to guarantee traceability and product safety.

We will aim to provide a service that exceeds our client's expectations at the first attempt, to help us attain that goal we will strive to:

- Establish strong links with both clients and suppliers, which will benefit quality for both parties
- Monitor quality to identify non-conformances and drive continuous improvement
- Develop the quality system based on employee involvement, and maintenance of the system
- Communicate the quality objectives to all employees, including inducting new employees
- Provide all employees with the training and support needed for them to provide a quality service
- Actively encourage each employee to realise his or her full potential to help them to supply a quality service to all our clients

Having a team approach within the company, aimed at increasing the company's competitiveness by improving quality, hygiene standards and performance.

We will operate and comply with all security, safety, legislative, regulatory and statutory requirements as stated in J BRADSHAW AND SON LTD handbook, policies and procedures.

This Company Quality Policy will be communicated throughout the company to all personnel and will be reviewed annually.
